Sir:

This paper is submitted in response to the Notice to Comply with Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures mailed 5-11-2007. The applicants request that the amendment presented be entered into the record of the above-referenced case and that the substitute copy of the computer readable form copy of the Sequence Listing and the substitute paper copy of the Sequence Listing replace the original versions of the foregoing currently filed with this application.

The claims have not been amended; the current claim set was submitted on 12-16-04 via preliminary amendment.

Remarks begin on page 2 of this paper.

An **Appendix** including a substitute paper copy of the Sequence Listing, a statement under 37 CFR 1.821 and 1.825 and a substitute computer readable form is attached following page 3 of this paper.
